Stay in the moment

Since 1933

TIVOLI AVENIDA LIBERDADE LISBOA, PORTUGAL

ABOUT TIVOLI

Tivoli evokes a time when hotel stays were grand experiences and travel meant life slowed down for a while. We are passionate about bringing this timeless charm to a new generation of travellers. Tivoli guests long for destinations where they can relax and be the best version of themselves. It's the small things that make a difference, moments filled with happiness, the beauty of a detail, or a meaningful gesture.

Our first hotel, Tivoli Avenida Liberdade Lisboa, Portugal opened its doors in 1933. It has remained a landmark property in European hospitality, and the grande dame that inspired the story behind this distinctive brand. Every Tivoli hotel is unique, some are inspired by exotic surroundings, others offer a touch of metropolitan luxury. Each one delivers consistent premium service combined with high standards of taste and comfort.

Tivoli's philosophy and long-lasting heritage makes the brand stand out in either mature or new emerging markets. The local spirit of the brand can be adapted to both urban or resort environments. Minor works closely with owners, designing for profitability to achieve the maximum yield against construction expenditure, and supporting hotels through proven marketing initiatives.

TIVOLI PALÁCIO DE SETEAIS SINTRA HOTEL, PORTUGAL

TIVOLI BRAND PILLARS

Timeless. Each with its own story, Tivoli destinations encourage guests to be present in whatever moment they find themselves in. In this way, brand experiences are truly timeless. Tivoli's heritage and high standards exist outside of passing trends. Guests return because hotels are authentic, effortlessly stylish, and locations never lose their intrigue.

Dedicated. Each of our hotels are curated to deliver a unique experience, with distinctive design and atmospheres inspired by their location. What ties them all together is the promise of quality and comfort. We take pride in our creativity, applied to food, beverage and in-hotel experiences that we hope will stay with guests long after they leave.

Distinctive. Drawing on our 85-year heritage, we keep the tradition of classic hospitality and personal service alive. At Tivoli, we are dedicated to ensuring that each and every guest feels at the centre of our thoughts. We provide local insight, confidently pointing our guests towards the attractions and services of the area that suit their needs and interests. Premium amenities, intuitive team members and an innate understanding of our local and international client base means we deliver a considered stay for every guest, every time.

TIVOLI BRAND PROMISES

Culture Scouts. Well connected, up to date, and with privileged access to the cities they call home, Culture Scouts are more than just a concierge. Every guest has different interests and motivations, and Culture Scouts ensure every experience is perfectly tailored. Hot new restaurants? Last-minute concert tickets? Underground art shows? We've got it covered.

Extraordinary F&B. Dining is a unique experience at every Tivoli hotel. Speciality restaurants, a concept with the signature of a famous chef, an eclectic bar. These make our hotels a destination for locals as well as guests, which creates connections with our communities.

Aperitivo. We are proud of our European heritage, so we have brought the concept of aperitivo cocktails into all our hotels. We gather our guests for a pause at the end of the day, and a moment to anticipate the night ahead. A warm show of our hospitality.

TIVOLI AVENIDA LIBERDADE LISBOA, PORTUGAL

TIVOLI BRAND HALLMARKS

AVANI

Hotels & Resorts

Avani Hotels & Resorts offers style-savvy stays designed for the modern traveller, promising well-balanced urban and resort stays.

AVANI+ SAMUI RESORT, THAILAND

ABOUT AVANI

Avani hotels are designed for the way we travel now. And we think it's all about balance. Balance between coolness and kindness, between design and function, and between service and privacy. After all, what good is a cool bar that serves a bad Martini? Who wants a beautiful guestroom with a broken air conditioner? What's worse than being pestered by a waiter after a long trip to find peace and quiet?

Avani is a lifestyle brand adaptable across global markets which consistently delivers financial returns in urban and resort destinations. Development costs are financially driven and the product is tailored to individual markets. Avani properties often feature as an integral part of mixed-use city-centre developments.

Life in an Avani hotel reflects this balance. Buzzy social spaces that flow with the mood of the day. Stylish guestrooms that simply work. Honest, fresh, locally inspired food. An upbeat service culture rooted in the traditions of hospitality. These experiences are what Avani delivers. To every guest, every day. These are details that matter.

With properties in Europe, the Middle East, Asia, Africa and Australia, the Avani portfolio is rapidly growing. No matter where in the world a guest discovers Avani, they will find a hotel that understands the importance of balance. We are assured of repeat guests by delivering a seamless stay, from warm welcome to fond farewell.

AVANI BRAND PROMISES

Sleep. At Avani we take sleep seriously. More than just good-looking, our guest rooms have comfortable beds, sound, scent and lighting all geared toward a restful stay. Literally, this is where dreams are made.

Space. Our buzzy social spaces are at the heart of our hotels. Cool, connected, comfortable and ambient, they're a place for our guests to hang whether they're working, playing or doing a bit of both. We keep our finger on the pulse of the day, which means lowering the lights at cocktail hour and avoiding techno at breakfast.

Sustenance. Our guests are passionate about where their food comes from and so are we. So, our menus are locally sourced, sustainable and organic. Regional flavours served by knowledgeable staff makes eating here honest and authentic. This means we look after the environment too, leaving it in a better state than how we find it, thinking carefully about the impact we have as a brand both today and tomorrow.

Service. We call it common sense service: friendly team members who are always on hand to help, yet also know when to disappear. Our service culture is rooted in the traditions of hospitality, and then updated to reflect the intuitive service our guests really want.

“China is an important market for Minor Hotels, and we at China Railway Culture & Tourism Group are pleased to be part of the Minor success story in China. The relationship we have with Minor and the management team was enhanced by the support we received to design, build and commission our hotel. We look forward to working with Minor Hotels on many more hotels in China.”

OAKS DEVELOPMENT MODELS

Minor offers a range of development models that capitalise on our experience and leverage our global network. These development models are available for Oaks properties in urban, resort and economic zone locations.

BUILD-AND-HOLD

The developer retains ownership of the entire property as a long-term investment with recurring income.

BUILD-AND-SELL WITH RENTAL POOL

The developer sells the entire inventory of units, which are immediately returned to the developer through a long-term lease agreement, and entered into a rental pool.

PARTIAL SALE-AND-RETAIN

Owners can offset the development cost of a new hotel by selling a portion of the units and retaining the balance. Sold units are entered into a rental pool.

MANAGEMENT-LETTING RIGHTS (AUSTRALIA & NEW ZEALAND)

The developer facilitates the appointment of Oaks to manage the building and be the exclusive onsite letting agent for investment owners. This model exists only in Australia and New Zealand.

OUTSOURCED FOOD-AND-BEVERAGE OUTLETS

A Minor International restaurant brand can lease on-site premises and serve as the property's F&B outlet. This is typically done with The Coffee Club, a Minor-owned coffeehouse-style café and restaurant concept.

BRANDED RESIDENCES

Minor Hotels can help developers unlock residential real estate value by leveraging the reputation and expertise of an established hospitality brand. By introducing a branded residential component to a hospitality asset, developers not only enjoy the added value of an established brand, but also benefit from operational synergies that can drive additional revenues to the hotel.

Anantara, Avani, Oaks and Tivoli can support the creation of individual and exclusive residential products through their unique characteristics that encompass a range of aspirational lifestyles, tastes and designs. Attaching these brands to a residential product can create a price premium and enhance the velocity of unit sales. As part of a hotel management agreement, our experienced teams provide guidance with ownership structures and support with marketing, sales and rental pool set-up and management.

Minor Hotels has built and sold numerous branded residential projects, including Anantara Chiang Mai Serviced Suites in Thailand, which sold multiple units at prices 50% above market for comparable properties. Layan Residences by Anantara, Thailand is a collection of uniquely designed luxury residences, which have achieved sale prices in excess of US \$14 million.

Our track record also includes the successful development and management of mixed-use real estate assets, and the management of multiple third-party-owned branded residential assets.

FOOD WITH FLAIR – BENIHANA

The story of Benihana begins in Tokyo, where Yunosuke Aoki, a samurai descendant and popular Japanese entertainer, together with his wife Katsu, opened a small coffee shop. In 1960, Rocky Aoki, Yunosuke's son, brought Benihana to New York City after competing on the 1960 Olympic wrestling team. By bringing the original inspiration of his parents' Tokyo restaurant to the United States, he successfully introduced Japanese food into the mainstream American dining scene.

He not only pioneered Benihana's entertaining style of presentation but paved the way for the popularity of other Japanese cooking styles around the world. Today Anantara proudly carries on the Benihana tradition and incorporates Benihana restaurants into selected food and beverage offerings at our hotels.
